

## Quick Facts about NRCA

1. Organized in 1988 and incorporated in 1990
2. This is an association, not a car club and is designed to compliment the activities of these organizations.
3. Membership state wide is 1,400 + - over 2,000 individuals have been members since our inception.
4. Newsletters (*The Driving Force*) are sent to members roughly on a bi-monthly basis.
5. NRCA maintains a web site *ne-rod-custom.com* which contains much information and is updated with current activities of the organization. You may also send questions to the organization through this web site.
6. Our mailing address is — NRCA - at P.O. Box 182 — Doniphan, NE 68832

**Dedicated— you bet we are and the one thing we like more than anything else is the freedom of the road. Driving is what it is all about if you really want to enjoy your special interest vehicle — so put our sticker on your window and waive at everyone when you go by — it's a great feeling!**

***“Driving Today to keep Driving Tomorrow”***

**I**t would be great to have you as a new member of the Nebraska Rod and Custom Association.

Nebraska Rod and Custom Association  
P.O. Box 182  
Doniphan, NE 68832

---

We invite you to join Nebraska's largest special automotive group association. An application for your membership is on the back of this brochure. As a member, be assured, that our mailing list is not given out to anyone else. As a member you will receive our Newsletter, "*The Driving Force*" which is published every other month.. We have a web site, with a "members only section at *neb-rod-custom.com* that we invite you to check out.

Our goal is be a successful legislative force in the state. Not just to prevent bills from being passed that would be detrimental to our special automotive interests, but to also work proactively with our State Senators to introduce legislation that will make our hobby better.

NRCA has been able to fund two \$1,000 scholarships a year for the past 4 years to students enrolled in one of the state tech schools in Automotive Technology or Auto Body. We will award three in 2009.

We are working to provide certified car club inspectors, that can help with the process of getting a title for a classic assembled vehicle. Our inspectors can also help you with of other titling issues and processes.

We need your help to promote the credibility of special interest vehicle owners. One of the best ways is to get involved with a car club. Help with charity and fund raising events. Let others know what you are doing for the community. This association will not do for you, what you should be doing for yourself. We can only pull together the best of the efforts of smaller groups to make us all look stronger.

It is very important that you find out who your state senator is. Even better , you need to get to know them, because you never know when we might need their vote. Senators listen to their constituents because they must run for re-election. You can have far more influence on them than others from outside of their district.

NRCA has one major event each year—*Tour Nebraska*, on the first weekend in June. This "members only" 600 mile two day road trip is an adventure unlike any other event in the state. In 2008, 300 cars pre-registered for this event. We also have an annual membership meeting The newsletter and our web site will keep you posted on those.

**Membership Application - Standard \$15 (includes) spouse**

(name)

Name \_\_\_\_\_ Address \_\_\_\_\_
